

ISSPCON 2025 – Scientific Program

| HALL A | HALL B | HALL C | HALL D |
|---|---|---|------------------------------------|
| SONOGRAPHY GRADING OF DEGREES OF PLANTER FASCITIS AND TEAR. PLEASE HIGHLIGHT CALCANEAL SPURS ARE NOT ESSENTIAL TO DIAGNOSE PLANTAR FASCITES | 1)SELECTING CHOICE OF PAIN MANAGEMENT DEPENDING UPON DIFFERENT PATHOLOGIES OF KNEE IN OSTEOARTHRITIS KNEE | INTRATHECAL NEUROLYTIC BLOCKS FOR CANCER PAIN A FORGOTTEN ART | PGs papers will continue in Hall D |
| All Heal Pains are not Plantar fascites | CHOICE OF ORTHOBIOTICS IN PARTIAL TEAR MUSCLES OF SHOULDER JOINT | Recalcitrant Coccygodynia management with BMAC | |
| Sonography identification of Supra spinatous tear & thinning of muscle with live video of injection of Growth Factor Concentrate(GFC) | BURNING FOOT IN DIABETICS AND NON DIABETIC PATIENTS. | Is Patellofemoral route superior to Suprapatellar recess for Chondromalacia Patella for Autologous Conditioned Serum in OsteoArthrites Knee | |
| Sonography Identification of Shoulder dislocation and hairline Implant fracture as an additional modality other than X-Ray. Role of Prolotherapy in rotator cuff muscles tendinopathy. | POST TOTAL HIP REPLACEMENT BURNING PAIN IN HIP. | Do us need, and when not to treat Meniscal Tears with Orthobiologics. | |
| Sonography identification of Labral tear & injection of GFC/BMAC in partial tears. | MANAGEMENT OF NEGATIVE SPONDYLOARTHROPATHY PAINS | CT GUIDED BMAC Injections for ACL tears | |
| Sonography Identification of Reverse Arthroplasty of shoulder & management of Periprosthetic pain | WHAT TO CHOOSE AS PAIN MANAGEMENT MODALITY DRY NEEDLING, WET NEEDLING,BOTOX, DIAGNOSTIC NERVE BLOCKS OR CONVENTIONAL RF FOR NECK PAIN WITH HEADACHE WITH VERTIGO WITH DEPRESSION IN POSITIVE SPONDYLOARTHROPATHY PATIENTS. | PRP Vs Growth factor Concentrate. Does the Kit for preparation produce difference in the results. | |
| Trigeminal Neuralgia Balloon Compression | USG GUIDED BMAC for ACL Knee | Panel Discussion Do orthobiologics have a role in advanced OA? | |
| Role of Innervating Zones of Muscles in reducing the dosage of Botox Injection | COUNCELLING OF FEMALE PATIENTS WITH PELVIC PAIN. | . Sonography Identification and Management of Elevator Scapulae | |

| | | |
|--|---|---|
| for Chronic Neck Pain | | syndrome & Scapular Bursa |
| Sub Chondral Sclerosis and BMAC injection Dose | Sonography identification of Dorsal Scapular nerve neuropathy & Release. Video Presentation. | PELVIC FLOOR MUSCLE PAIN AND TRIGGER POINTS |
| Is Intra Osseous Injection Better than SupraPatellar / Intraarticularis Injection. | Vertebroplasty in Patients of hemangioma | Panel Discussion of Lateral Epicondyle Pain. |
| Sonography evaluating torticollis & is there a role of Botox for management? | UNDERSTANDING PSYCHOLOGICAL COMPONENTS OF PELVIC PAIN AND BLADDER PAIN IN MALES | Should we use Regenerative cocktails for AVN Hips |
| Superior laryngeal nerve neuropathy & it's management | MECHANISM AND TREATMENT OF ENDOMETRIOSIS RELATED PAIN | How to collect Mesenchymal Cells for Regenerative Medicine |
| US guided Stellate ganglion block | MANAGEMENT OF TENSION HEADACHE | Is Platelet Rich Fibrin more suitable for MSK disorders. |
| USG & FluroScopic identification of Atlanta-Axial dislocation/subluxation management. PRP Injections. | GUIDELINES AND PRACTICAL APPROACHES FOR EFFECTIVE PAIN ASESSMENT OF THE PATIENTS WITH DEMENTIA | What to choose Steroid or Triamcinolone, Hyaluronic Acid combo for Osteo Arthrites Knee. |
| Ultra sound Guided block for Glossopharyngeal Neuralgia | ASSESSMENT OF OROFASCIAL PAINS IN GERIATRIC PATIENTS WITH DEMENTIA. | Sonography identification of Sub Occipital , Inferior Obliquus Capitis & Sternocleido mastoid tendinopathy for Neck pain & Headache. |
| Sonography identification of median N. loop around carpel tunnel & it's micro invasive release | DISCUSSION OF CONDUCTION BLOCKAGE WITH AND WITHOUT WALLERIAN DEGENERATION | Negative Inflammatory Markers can produce Hip Pain |
| Sonography Identification of Tendenopathy of extensor tendons of thumb or Pulley Injury & it's management | CATASTROPHIC INFARCTION OF SPINAL CORD AFTER INTERSCALENE BLOCK | Femoroacetabular Impingement producing Hip Pain |
| Management of snapping finger and locked phalynx | ISCHEMIA AND ACUTE COMPRESSION WITHIN NEUROVASCULAR FASCIAL COMPARTMENTS IN | Acetabular Labral Tears can be the cause of Groin Pain |

| | | |
|---|--|---|
| | PATIENTS ON WARFARIN OR DUE TO INFUSION OF INTRAVENOUS FLUIDS | |
| Incomplete flexion & Extension of wrist with Wrist Pain (Identification of Scapulo lunate ligament injury on Ultrasound. | FEMORAL NEUROPATHY AND SACRAL PLEXOPATHY POST FEMORAL NERVE BLOCK | Hip Bursites Presentation and SonoAnatomy |
| | POST SURGERY CAUSALGIA | Approach to Axial Low back Pain with Emphasis on Spondyloarthropathies |
| Tingling numbness upper Arm is not always Cervical radiculopathy | IS HEADACHE AND THEIR MANAGEMENT IN 10 TO 14 YRS CHILDREN DIFFERENT FROM ADULTS | |
| De-quervain's Tenosynovitis its differentiation from Intersectional Syndrome Sonography diagnosis & management | Pain around Ischial Tuberosity. Sono Anatomy of Biceps Femoris, Semitendinosus & Semimembranosus | Inflammatory Conditions of Hip which produce Pain. |
| | | Intra articular Lesion of Hip producing Groin Pain |
| Sonography dignosis of Flexor tendinopathy Elbow & there management by GFC | 1.Guidelines and Practical approaches for Effective Pain Assessment of the patients with Dementia with Pain. | Extra articular Lesion of Hip producing Groin Pain |
| Sonography Identification of Extensor tendinopathy Elbow & management by GFC | Ideal Cementing pictures in different types of Vertebral fractures. | Is Pain Management possible in Osteochondral fracture loose bodies |
| Medial Epicondyle Pain is not always Golfers Elbow | Cementing the Pedicles and Burst Fractures Lumbar Vertebrae. | Snapping Hip Syndrome cause of Hip Pain. |
| Sonoanatomy of Medial Epicondyle Muscles responsible for Medial Epicondylites. | What are Unstable Posterior Column and four types of Fractures as per Dennis Classification? | Discussion of Conduction Blockade with & without Wallerian degeneration |
| Panel discussion of Medial Epicondyle Pain | Which level of Vertebroplasty should be chosen only by skilled Physicians? | Diagnosis, SonoAnatomy of Adductor Tendinopathy , Strain & Partial Tear . |
| Sonoanatomy of Radial Nerve & Posterior Interosseous Nerve and their Neuropathy. | Personalizing use of AI for Pain Physicians. | Iliopsoas Related Causes of Groin Pain their presentation and Management. |
| Diagnosis & Management of Greater Trochanteric pain | How to perform Pain Procedures under Ayushman | Inguinal Related Causes for Groin Pain. |

| | | |
|---|--|--|
| syndrome. | Bharat Yojna and Ensure Reimbursement | |
| Hip bursitis a cause of Hip Pain. | Sonography assessment of causes of Medial Thigh pain & lateral Thigh pain | Pubic - bone Related Causes of Groin Pain |
| Iliotibial Band Syndrome its differentiation from Radicular Pain. | Why is Sonography guided Genicular Nerve Block superior than Fluro Guided block in Advanced Osteo Arthrites Knee | Nerve compression & Impingement a cause of Groin Pain |
| Sonography identification of partial tear of meniscus & its management by injection B-MAC & GFC | Adductor canal syndrome | Radiculopathy related Groin Pain diagnosis. |
| Sonography Diagnosis of partial ACL Tear & its management by injection GFC | Nerve compression & Impingement causes of Groin Pain. | Inguinal Related Causes of Groin Pain |
| Sclerotherapy for Baker's Cyst with Dextrose alone and in combination with Steroid Injections | Restless leg Syndrome Panel Discussion | Pudental neuralgia its Diagnosis and UltraSound Guided Management. |
| Beat Osteoporosis in your patients with anabolic first followed by antiresorptive V/S only resorptive medication. | Study on Indian Patients RFA of Genicular Nerves for Symptomatic OA of Knee Cooled V/S Conventional | Obturator Neuropathy Diagnosis and its differentiation from Lumbar Radiculopathy |
| Medical Management of Osteoporosis by Endocrinologist. | Osteoporosis Management in CKD | Sonography identification of partial Tear of Tendoachillis & its management by injection GFC & PRP |
| All burning pain in Dorsum of Foot is not CRPS. | Precision & Relief: Identifying the Right Indications and time for Cool RF Knee. | Burning pain in sole its causes and Management. |
| Sonography identification of Deltoid Ligament Partial Tear and M/M | Snapping Syndrome Infraspinatous Muscle . Its Diagnosis & Management. | Failed back Spine Surgery Pain |
| Snapping Syndrome Triceps cause of pain in posteromedial Elbow | Can the Outcome of Orthobiologics be predicted in advance based on CT & MRI | Snapping Syndrome Peroneous Longus a cause of Pain & Swelling in Lateral Ankle. |

| | | |
|--|---|---|
| | | |
| Snapping Syndrome Hip | Failed T K R Pain, its Management. | Post Cesarean & Hysterectomy pain in Abdomen |
| Various trajectories of Needle Placement for Transforaminal Discectomy for Lumbar Disc Prolapse. | UNVEILING BEYOND ROUTINE NEUROMODULATION FOR REFRACTORY NEUROPATHIC PAIN-THE FUTURE IN INDIA | Post-Laparoscopy Hernia Groin pain |
| How to cross overgrown Superior Articular Process during Tranforaminal Discectomy. | FELLOWSHIP OPPORTUNITIES IN UK WITH MTI SCHEME | Art of Maneuvering Endoscope and Working channel as per target in Interlaminar Discectomy |
| Identification of SAP, Annulus, Cord and Nerve, fat & Vessels during TransForaminal Endoscopic Discectomy. | PCPNDT LAWS are they different for Pain Physicians. | Identification of different structures on Endoscopic Discectomy by Interlaminar Route. |
| Pearls to confirm the correct level for Endoscopic Discectomy | Tips and Tricks of Visualizing Osteoporotic Pedicle for Vertebroplasty and Needle Placement... | Tricks to prevent retraction injury to cord during Interlaminar Endoscopic Discectomy. |
| Anaesthesia for Endoscopic Procedures | Art of Cementing in cases of Vertebral fractures (Dennis Classification) | How to determine whether your pain is musculo skeletal or malignant in origin |
| Ways to control bleeding encountered during Discectomy by Trans Foraminal route | Management of Chronic Pain in Children & Adolescent | Technique of Cementing in Kummells disease. |
| Endoscopic Picture of Complete Discectomy with Complete Nerve root decompression | How Long the Treatment of CRPS 1& 2 should continue if Diagnosed in Acute ,Subacute & Chronic cases and flare up protocols. | ONLINE EDUCATION AND ACCREDITATION IN NEUROMODULATION AND PAIN |
| Tips And Tricks Of Doing Transforaminal ESI In Patients With Instrumentation complaining of Leg Pain. | Simplifying use of Dn4 Questionnaire in Local Dialect, which is must to Evaluate Neuropathic Pain. | 1. Subchondral Bone Marrow Aspirate Concentrate (BMAC) Injections for Osteoarthritis of the Knee. |
| 1)EFFECTIVENESS OF BIACUPLASTY AS A TREATMENT MODALITY FOR DISCOGERNIC PAIN-A MULTI CENTRE CASE SERIES | Do we need Sacral Nerve Stimulation | 1)Management of Recalcitrant Coccygodynia |

| | | |
|---|---|--|
| | | |
| Temporomandibular joint pain is not always arthritis Panel Discussion with Dentist, Neurologist, & Pain Physician. | Evidence based " Is Regenerative therapy superior to steroids for Lumbar facet Arthropathy Pain | Simply " Mastering the Art of Article writing for Swift Acceptance " |
| Neuromodulation for Pelvic Pain | . Reactive Eight Neuromodulation Technique for Multifidus Dysfunction | RFA TRENDS AND INNOVATIONS GLOBALLY |
| Role of Widespread Pain Index, & Budapest Criteria Validation for Neuropathic Pain. | Indications & Video Demonstration Of Sphenopalantine Ganglion Block | Optimizing the out come of Transforaminal epidural Block - Navigating challenges!. |
